## Description

Mary Hillier, the author of *A Pageant of Toys*, is herself a collector of dolls. Her husband is an expert on Japanese art and her son has published *Pottery and Porcelain 1700-1914* and writing a book on posters.

*Dolls and Dollmakers* traces the evolution of the doll from earliest times to the present day, with fascinating sidelights on the social history of each period, indicating how this influenced design and development.
